Acknowledgment

This year we have moved to the 33rd year of our involvement in the development sector. Every year for AGYVS marks a forward step of contribution in achieving an empowered and developed society. The year 2020-21 has been of expansion, intensification, and implementation of new programs with newer techniques and realistic approaches. Older programs like SHG promotion, vocational training, health programs, educational programs, and sanitation programs are sharpening their focus and widening their reach to the target populations while newer programs like-E-Shakti Project, NIOS, BSDM, PPI, and NGO networking has been started based on people's needs and demands. At the same time, we have intensified our advocacy activities under the banner of "Lok Samiti" to solve the problems of the poor through peaceful means.

We have successfully implemented various community-based development programs for the poor and underserved populations in Bihar with an aspiration to see them on progressive paths. The poor, deprived and ignored communities are now able to generate sustainable livelihoods, exercising their rights and enacting their roles with full dignity and empowerment. They are growing as sensitized and empowered communities as per our aims and objects.

In our commitment to reach the poor and underserved section of the society, we received regular financial support from different national and international donor agencies, and support from local administration and local community has helped us in realizing our dream of a developed and progressive society.

PROGRESS DURING THE YEAR

❖ EDUCATION PROGRAMS

(i) **Promotion of Basic Education:** Education is one of the important activities of AGYVS as it has been a major issue for the holistic development of society. Since its inception, AGYVS is making a sincere effort to spread primary education among children of child labours (boys and girls) as well as also promoting literacy to illiterate rural women by establishing educational centers namely “Robert Bal Shramik Centre” and “Women Literacy Centre” at Kanti and Marwan blocks in Muzaffarpur district in Bihar. Since 1997, 02 “Robert Bal Shramik Centres” (For Children) and since 2013, 04 “Women Literacy Centers” (For Illiterate Women) were functional in 07 villages of the targeted blocks. These education centers are being run with the financial support of Robert Af Sandeberg, a devoted man for the educational development of poor children around the world.

DETAILS			
Education Centre	Number	Block	Beneficiary
Robert Bal Sharmik Centre	2	Kanti and Marwan	75 children (Boys and Girls) in the age group of 6-14 years.
Women Literacy Centre	4	Marwan	390 illiterate women and adolescent girls in the age group of 18-35 years.
Total	7 Centres	2 Blocks	4 Beneficiaries

(ii) **National Institute of Open Schooling (NIOS):** Since 2009, AGYVS has been receiving support from the Ministry of Education (MOE), Government of India for the National School of Open Schooling by running a special center of NIOS (Centre Code 450115). The vital object of NIOS is to provide education in the remote villages of India. It concentrates on the education of those students who lack opportunities for studies due to poverty. NIOS concentrates on primary and upper primary level education through alternate means of open schooling.

Under NIOS, children are registered online to appear in the secondary examination. In 2020-21, 70 poor and underprivileged children have been benefited from this unique initiative of AGYVS.

❖ VOCATIONAL TRAINING PROGRAMS

(i) **PPI Project:** Rural women’s limited access to productive resources, lower educational levels, and social norms confine them to lower-paid, lower-status works where opportunities for skills training and advancement are reduced, thus perpetuating their lower status. Widespread patterns of insecure employment and temporary and precarious contractual arrangements in many rural enterprises discourage employers from offering training to women. Women do most of the work in the fields of rural Bihar but are consistently underpaid, which prevents them from achieving financial independence. Vocational training can empower these women to uplift themselves out of

financial dependence and decision-making power over their finances, livelihood, and life. In 2020-21, AGYVS with the financial support of People's for Progress in India, USA provided vocational training to 50 beneficiaries (25 girls and 25 boys) of the poor section of the society in readymade garments and diesel engine pump set repairing trades. Beneficiaries from 5 Panchayats of Paru block in Muzaffarpur district were benefitted. The program has helped a lot in bringing sustainable changes in the socio-economic condition of the beneficiaries through employment/self-employment.

(ii) **BSDM Project:** Bihar Skill Development Mission (BSDM), Bihar has launched a unique skill training program- "Kushal Yuva Program (KYP)" to enhance the employability skills of youth in the age group of 15-28 years (Age limit for SC/ST, OBC & People with Disabilities is as follows: SC/ST – 33 years, OBC – 31 years, PWD – 33 years), who have passed at least 10th Class irrespective of their having attained higher education or their currently pursuing higher education. Soft Skills training would comprise of Life skills, Communications Skills (English & Hindi), Basic computer literacy which in turn would enhance their employability. Through this program, BSDM intends to enhance the employability of these youth of Bihar.

AGYVS Contribution

AGYVS is registered as SDC in this program since June 1, 2017 and so far imparted training to 580 youth and enhanced their employability successfully.

❖ **E-SHAKTI PROJECT-NABARD**

E-shakti or Digitization of SHGs is an initiative of Micro Credit and Innovations Department of NABARD in line with our Hon'ble PM statement, 'we move with the dream of electronic digital India...'. Digital India is a Rs 1.13-lakh crore initiative of the Government of India to integrate the government departments and the people of India and to ensure effective governance. It is to "transform India into a digitally empowered society and knowledge economy".

Keeping in view the Government of India's mission for creating a digital India, NABARD launched a project for the digitization of all Self Help Group (SHG) in the country. The project is being implemented in 100 districts across the country.

AGYVS Contribution

AGYVS is digitizing the SHGs groups across the Muzaffarpur district in Bihar. In 2020-21, monthly data was uploaded for 10,547 SHGs in 10 villages of Muzaffarpur district in Bihar.

❖ **FPO PROJECT-NABARD**

Indian Agriculture is predominantly characterized by a large number of dispersed and fragmented smallholdings. About 85% of the landholdings belong to small and marginal farmers. Being unorganized these farmers are unable to realize good value for their produces. Pilots projects

implemented by NABARD indicate that the problems encountered by the small and marginal farmers can be mitigated to a large extent by organizing them into Farmers Producer Organization (FPO). FPO is one type of PO where the members are farmers. PO is a generic name of the organization of producers of any produce e.g. agricultural, non-farm products, artisan products, etc.

AGYVS Contribution

2 FPOs have been promoted by AGYVS under the NABARD project namely “Sarvodaya Vegetable Producers Company Limited” at village Anjanakot in Motipur block and “Litchi Farmers Producers Company Limited” at village Roopwara in Marwan block in Muzaffarpur district in Bihar.

<i>DETAILS</i>			
<i>No of FPO</i>	<i>Block</i>	<i>No of Members</i>	<i>Total Capital</i>
02	Marwan	582	6,20,000
	Motipur	502	5,05,100

Activities Performed

▪ Irrigation ▪ Plantation ▪ Varmin Compost ▪ Dairy ▪ Organic vegetable production ▪ Distribution of seeds and fertilizers at low cost to farmers ▪ Purchasing grains from farmers.

❖ NETWORKING PROGRAM FOR NGOS

In the present socio-economic scenario, it is not only important for the NGOs to work with commitment and dedication but also to possess a technical understanding of different aspects of the functioning of the NGO sector and the latest changes. It has been observed that in Bihar, most of the NGOs lack this capacity, and are therefore not able to work efficiently as they should be.

To make efforts to minimize it, a network of NGOs called “Muzaffarpur Swaikchik Manch” is being promoted by AGYVS in the Muzaffarpur district. Presently, 14 committed and well-functioning NGOs are the members of this network who were periodically updated on topics like proposal writing, financial management, project implementation, office management, etc.

❖ PROMOTION OF FARMER'S CLUBS

Since 2009, AGYVS with the support of NABARD is working for the promotion of FPOs in the Muzaffarpur district in Bihar. In 2020-21, 30 farmers' clubs were promoted in Kanti, Marwan, and Motipur blocks comprising 15-20 small and marginal farmers in each club. Rs. 10,000/- is provided by NABARD for the efficient functioning of these groups. Monthly meetings of the groups were organized regularly by AGYVS to do savings, discuss the latest agriculture techniques and practices. Also

imparted vocational training in agriculture-based trades like dairy and vegetable cultivation to promote greater value addition to their agriculture produces and forge new partnerships between public institutions and technology users.

In 2020-21," Kisan Credit Cards" were issued to the members of the 10 farmers' clubs based on their landholdings by the commercial bank, Muzaffarpur. It is now helping farmers to readily purchase agricultural inputs such as seeds, fertilizers, and pesticides and also withdraw cash for their production needs.

❖ **CAMPAIGN AGAINST WOMEN VIOLENCE**

Violence against women is partly a result of gender relations that assumes men to be superior to women. Given the subordinate status of women, much of gender violence is considered normal and enjoys social sanction. To curb it, campaigns were launched in Kanti, Marwan, Paru, Sariya, Sahebganj, and Motipur blocks in the Muzaffarpur district in Bihar.

Following measures were adopted by AGYVS:

(i) Selection and training of "Change Agents" to organize women and aware and mobilize villagers in minimizing violence against women, information on Dowry Act, and providing legal assistance to women. 1,135 membership forms have been filled up.

(ii) Organization of 09 "Naya Dal" (Youth Wings- 308 members)" to pacify the work in the area and create a positive environment to bring desirable changes in this direction. These youth wings are instrumental in pressurize local administration to undertake appropriate steps to stop women violence.

❖ **LIVELIHOOD AND ENTERPRISE DEVELOPMENT PROGRAM**

As skill up-gradation training alone has a limited impact on livelihood creation among the SHG members, it was thought prudent to create sustainable livelihoods among SHG members and to attain optimum benefit out of skill up-gradation and a new scheme titled Livelihood and Enterprise Development Programme (LEDP). AGYVS is supported by NABARD and has generated the following accomplishments.

ACCOMPLISHMENTS	
1.	Training Programme well completed.
2.	100% awareness created by Trainer and PIA
3.	As far as establishment of livelihood is concerned, loan application has been given to bank.
4.	Proper training and awareness has encouraged trainees for better planning and management of Goat farming This could be envisaged as increasing production and bettering wealth of goats
5.	120 trainees have adopted sustainable livelihood after goatry training.

CASE STUDY

Name of Beneficiary- Sumitra Devi

Husband's Name- Subhash Paswan

Age-35 years

Village- Raksa Bazaar

P.S.- Karja

District- Muzaffarpur

SUMITRA DEVI belongs to the scheduled caste (SC). She was a marginal labourer earlier, used to strive hard to win bread for two times for her three kids. She wasn't much literate neither any skills to take up any job or had enough money to start to go far self-employment. These circumstances compelled her to be a marginal labourer. She considered it a fell of fate and adjusted her life in that manner.

Her fate took a U-turn when she became a member of SUJATA self-help group and got an opportunity to be a part of NABARD initiated LEDP project, which aims to provide livelihood support to poor and marginalized people. She was chosen for SHG by AGYVS and underwent an extensive seven days of training for goat rearing. The training involves theoretical and practical demonstration of all the basics of goat rearing and also made trainees aware of technical details about different diseases that animals suffer and their early detection, mitigation, and prevention.

SUMITRA took a keen interest in the training and outperformed all trainees. With the efforts of NABARD, AGYVS, and Gramin Bank, Barka Gaon, she was provided a loan of Rs. fifty thousands to began her livelihood. Her acquired skills proved worthy and now she is generating good income and supporting her family well. Sharing her experience, SUMITRA says, "her life has completely changed now" as she feels more confident and dignified.

❖ OTHER PROGRAMS

- ❖ **Environment Awareness:** Awareness camps were regularly organized by AGYVS in different villages of Muzaffarpur, Vaishali, and East Champaran districts in Bihar to sensitize people on this important issue. In 2020-21, we successfully covered 5,000 population (men, women, youth, and children) making them aware of the importance of maintaining the environment for the survival of human beings. A good number of booklets and pamphlets were also distributed among the targeted population on environmental issues.

- ❖ **Cultural Programs:** AGYVS believes that cultural programs are an important tool to reach the common masses on any social issue in a positive manner. In 2020-21, street plays, puppet shows, and devotional songs were adopted by AGYVS as a means to spread awareness among the community on health and sanitation issues. Different villages of Muzaffarpur, Vaishali, and East Champaran districts in Bihar were covered under the program.
